

KING ALFONSO
HAS CLOSE CALLAnarchist Fires Three Shots at
Spanish Ruler.

MONARCH DISPLAYS COURAGE

While King Alfonso and His Staff Are Out Riding Assailant Springs Suddenly From Sidewalk and Opens Fire—King Forces His Horse to Rear Quickly and Thus Escapes—Man Overpowered After Desperate Struggle.

Madrid, April 14.—For the third time in his reign King Alfonso narrowly escaped being the victim of an anarchist attempt against his life. Three shots were fired at the king in the streets of the capital by a native of Barcelona, Rafael Sanchez Allegro, who was overpowered immediately.

King Alfonso owes his escape to his own courage, quickness and skilled horsemanship. Accompanied by his staff he was riding along the Calle de Alcalá, returning from the ceremony of swearing in recruits, when a man sprang from the sidewalk and seized the bride of the king's horse with one hand, presenting a revolver point blank with the other.

The king, realizing the situation, with lightning rapidity dug his spurs into his horse, which reared. His quickness saved his life. The bullet, instead of burying itself in the king's breast, struck the horse on the neck and so close was it that the king's left hand glove was blackened by the powder discharge.

Before the assailant was able to pull the trigger again a secret service man sprang upon him. The two men fell to the ground, locked in each other's arms, struggling furiously. The assassin managed to free his revolver arm and fired two more shots in rapid succession, but the officer knocked his arm aside and the bullets flew harmlessly through the air.

At the sound of the first shot the king's staff forced their horses on the sidewalk and made a ring around the assassin, who fought fiercely in the grip of four policemen before he was overpowered and handcuffed.

King Gives Military Salute.

King Alfonso, as soon as he saw that the man had been secured, raised himself in the stirrups, turned to the crowd, gave a military salute and shouted in a ringing voice:

"Long Live Spain."

He then dismounted and reassured his staff, saying:

"It is nothing, gentlemen."

Then uprose a mighty roar from the wildly enthusiastic masses, which rolled along in great waves of sound all the way as the king rode to the palace, cool, collected and smiling.

A spectator, a pensioner royal halberdier, pushed forward so impetuously to offer his congratulations to the monarch that he was mistaken for another assassin and was arrested. He was released as soon as the mistake was discovered. A young Frenchman, who was standing beside Allegro, was also arrested, but it does not appear that he was connected with him.

The crowds made a determined attempt to lynch Allegro, who was rushed into a house and kept there until an automobile ambulance escorted by mounted police, transferred him to police headquarters.

King Alfonso was forced to tell of what he lightly called "the incident" which caused delay to Queen Victoria and the dowager queen, Maria Christina, who were greatly alarmed. The king smilingly allayed their fears.

He had hardly been back in the palace ten minutes when an immense clamor arose. The two squares on which the palace looks were black with people of all classes, desirous of showing their joy at the king's safety and their admiration of his bravery. The king went to the balcony and acknowledged the cheers, and stood bowing to the throngs for several minutes.

RESULTS ON THE DIAMOND

Against Mississippi Fund.
St. Louis, April 14.—The National Drainage congress defeated a resolution calling for a federal appropriation for the work of the Mississippi river commission and adopted a resolution calling instead for the creation of a department of public works under a cabinet member.

KING ALFONSO.

Spanish Ruler Narrowly
Escapes Assassin's Bullet.

SURRENDERS TO AMERICANS

General Ojeda Escapes From Rebels
at Naco.

Naco, Ariz., April 14.—General Pedro Ojeda, commanding the remnants of his federal garrison of 300 troops, comprising 150 men, at Naco, Sonora, surrendered to the United States troops on border patrol here after having withstood a siege of the state troops which lasted for five days and in which more than half his men were killed.

The surrender was hastened by the attack upon the federal garrison by the band of Yaqui Indians under General Alvaro Obregon, commanding state troops, who burst in upon the little garrison across the border and fought viciously. The dead on both sides has been estimated at 200 and the fortifications at Naco, Sonora, are veritable slaughter pens. About the buildings are strewn more than 100 bodies, cut and horribly mutilated.

SEVEN KILLED IN
EXCURSION WRECK
Engine and Three Coaches Jump
the Track.

Montreal, April 14.—Seven persons are dead and fifteen were injured as the result of the derailment of an excursion train on the Montreal-Champlain branch of the Central Vermont railway about four and a half miles out of St. Lambert.

The train was carrying about 700 passengers, who had taken advantage of the free trip given by a real estate firm to prospective purchasers of lots at Albani subdivision and were returning to Montreal at a speed of between twenty and thirty miles an hour, when, from some cause unknown, the engine and the three first coaches left the rails.

The telescoping of the ends of the derailed coaches caused most of the fatalities, nearly all of which occurred in the first two cars. Escaping steam from the boiler of the locomotive, which was thrown over on its side, filled the coaches and hampered passengers in escaping.

The passengers from the other coaches formed a rescue brigade and worked hard to extricate the dead and injured from the wreckage. Their efforts were fruitless in the cases of some of the victims, whose bodies were so firmly wedged in the shattered remains of the coaches that it took a wrecking crew hours to release them.

WINS GOTHAM ROAD RACE

Long Island Runner Captures First
From Field of 213 Men.

New York, April 14.—Robert Kelly of the Long Island Athletic club, with a handicap of 4 minutes 30 seconds, won the Morningside Athletic club's five-mile open A. A. U. road race from a field of 213 runners, 199 of whom finished. J. O'Meara, unattached, with the same handicap, was second, and A. Morris, colored, of the Smart Set Athletic club, third. J. J. McNamara of the Irish-American Athletic club won the fast time prize.

POPE'S VITALITY
STEADILY WANESCondition of Pius X. Regarded
as Very Grave.

CENSOR REVISES BULLETINS

Physicians' Statements Are Given Out in Hopeful Tone, but Indications Are That Cardinal Merry del Val Strikes Out Certain Details—While the Pontiff's Kidneys Are Improving There Are Symptoms of Pneumonia.

Rome, April 14.—All indications point to the utmost gravity of the pope's condition. The fever and cough are giving cause for great alarm. The impression has gained ground that the tracheal bronchitis had developed into pneumonia. While not absolutely denying this Professor Marchiafava said:

"At the present time it could not properly be called pneumonia; but with tracheal bronchitis sometimes the lungs do not function properly. Probably the resistant and robust fiber of the holy father may overcome this danger. Meanwhile we can make the statement, which must give rise to great hope, that the condition of albuminuria has disappeared."

In the two bulletins issued the pope's condition was set forth as hopeful, but it has been learned that the bulletins as prepared by the attending physicians have come under the censorship of the papal eye.

Certain Details Lacking.

The explanation is now given that Doctors Marchiafava and Amici embody in their bulletins all the details with reference to the pulse and respiration, in addition to other pathological conditions. These bulletins are submitted to Cardinal Merry del Val and when they reached the public they lack what the papal secretary considers unnecessary and undesirable for publicity.

There was an increase in the temperature of the patient and the fact that a large quantity of disinfectants had been brought into the sick apartment was considered as an indication that bronchitis had developed into pneumonia.

The monk Vives Y. Tuto, brother of the cardinal, who has been for some time the confessor of the pope, entered his room and remained there forty-five minutes. It is supposed that he confessed the pontiff.

Extraordinary measures were taken by the Vatican authorities. The entire Vatican guard was on duty patrolling within and outside the apostolic palace. At the same time the Italian government organized a special police service around the Vatican.

Cough Creates Alarm.

Great alarm was occasioned when the pope, during a strong season of coughing, emitted a quantity of blood. Those present thought he was dying and rushed for a doctor and Cardinal Merry del Val. The latter, on reaching the bedside, restored calm, saying that probably the pope would feel great relief, as the presence of the blood was doubtless due to the rupture of small vessels in the throat.

There was another alarm. That occurred at St. Peter's. A hundred Polish pilgrims, led by their bishop, were within the basilica when they heard the sound of many bells. Thinking that this was the announcement of the death of the pope they gathered around the bishop and intoned prayer for the dead.

The pope's sisters and niece drove to the Vatican and the pope, observing unmistakable signs of weeping, said in the Venetian dialect: "Don't cry so much. It is true I am ill, but let us hope in God."

Since he became weaker it has been remarked that the pontiff speaks only in Venetian, even with those who are not so familiar with that dialect.

SUFFRAGETTES ARE ROUTED

Attempt to Hold Meeting in London
Fails Again.

London, April 14.—The weekly attempt of suffragettes to hold a meeting in Hyde park against the opposition of the anti-suffragettes was made again. The crowd howled down the speakers and hurled missiles at them until the police were forced to intervene and escort the suffragettes from the park.

Wild disorder occurred at Wimbledon Common, where an enormous force of police was engaged in protecting suffragettes holding an open air meeting. Mounted police were obliged to charge several times before they were able to rescue the women. The speeches were inaudible.

EARTHQUAKE IN SOUTHWEST

Shock Experienced in Parts of Utah
and Idaho.

Salt Lake City, Utah, April 14.—An earthquake lasting several seconds was experienced here.

Telephone operators on the fifth floor of the telephone building reported that their transmitters were rocked by the force of the shock.

Train dispatchers of the Oregon Short Line railroad reported that the shock was felt throughout Southeastern Idaho.

GEORGE K. SHIPPY.

Former Chicago Chief
of Police Passes Away.

GEORGE K. SHIPPY SUCCEUMBS

Former Chicago Chief of Police Dies
After Long Illness.

Chicago, April 14.—Former Chief of Police George K. Shippy, died here. Mr. Shippy had been ill for some time and recently was committed to an insane hospital, from which he was sent home when it was evident his death was near.

GOVERNMENT FAILS
TO PROVE CHARGESFive Men Found Not Guilty of
Conspiracy.

Chicago, April 14.—Albert C. Frost, former president and promoter of the Alaska Central railroad, and his four codefendants, all interested in the development of the road, were found not guilty in the federal court here of conspiracy to obtain control illegally of millions of dollars worth of coal lands in the Matanuska valley, Alaska.

Disputes over the methods of coal claim locators caused the coal lands to be withdrawn from entry during President Roosevelt's last administration. Frost and his associates were indicted March 16, 1911, in the United States district court here, charged with conspiracy to obtain control of sixty-four coal locations by means of "dummy entrymen." The government asserted that the railroad promoters caused stenographers and other employees to apply for coal lands with the purpose of turning the entire group over to Frost.

The verdict, while a vindication of the business methods of the defendants, does not open the way for the completion of the railroad, as the coal lands still are withdrawn from entry and will remain so until released by the department of the interior.

MEMPHIS FLOOD IS ABATING

Situation Along White River Front Is
Acute.

Memphis, Tenn., April 14.—Spreading rapidly over the lowlands of Eastern Arkansas from gaps torn in the levee last week the Mississippi river flood is fast abating its onslaught on the embankments along its central reaches.

So materially had conditions improved that word was sent to half a dozen camps to shift their forces to points south of Helena, Ark., where a desperate fight will be necessary. Along the White river front the situation is already acute and a stretch of the dike opposite Friars Point, Miss., is reported showing signs of weakness.

+++++
SUEW FOR \$1,525,000.
+++++

St. Louis, April 14.—Henry Clay Pierce, millionaire oil magnate, was sued in the circuit court for \$1,525,000 by the National Bank of Commerce of St. Louis, which alleges Pierce wrongfully appropriated to his own use \$1,500,000 worth of stock of the Nashville Terminal company of Tennessee. The recovery of the value of the stock and \$25,000 damages are sought.

+++++
CANNOT SELL HIS SERUM
+++++

Surgeon General Blue So Notifies Dr. Friedmann.

Washington, April 14.—Surgeon General Blue of the public health service told Dr. Friedrich Franz Friedmann that until the exact nature of his tuberculosis vaccine and the method of its preparation had been revealed and the claims made for it substantiated by official test and investigations a license for its sale in interstate commerce could not be issued.

This was the surgeon general's answer when the Berlin scientist asked what steps it would be necessary to take to obtain such a license.

The Pig.
"How is a pig different from every other animal?" "It is first killed and then cured."

BULL MOOSERS
AND THE TARIFFWill the Progressives Support
Democratic Bill?

CAUSED SPLIT IN G. O. P.

Wool Men May Wish That They Had Accepted Dilliver Proposition When Payne Bill Was Under Consideration. Cabinet Officers Still Worried by Men Seeking Office—No Chance to Escape.

By ARTHUR W. DUNN.

Washington, April 14.—[Special.]—Will the Progressive party, appearing as a real third party in the house, support the Democratic tariff bill? Probably it will not. That bill goes further than the Progressives want to go, although the Progressive party really grew out of differences over tariff rates.

Had the Payne tariff complied with the wishes of the then Republican insurgents as represented by Murdock, Cooper, Lenroot, Norris and other western men in the house and La Follette, Cummins, Clapp, Dilliver and other western men in the senate there would have been no Progressive party. The Republican split was on account of the tariff in the first place and was carried to a finality when Taft and Roosevelt became contenders for the presidency.

While it is true that the Progressives voted for several Democratic tariff bills in the last congress, it is doubtful if they will vote for the Underwood bill in view of the cuts that have been made in several schedules, notably agricultural products.

Looking Backward.

Hindsight is always better than foresight for the fellows who say "I told you so." But, looking backward, we may ask the wool men, both the growers and the manufacturers, if they would not be better off had they accepted the Dilliver propositions when the Payne bill was passed or even the La Follette bill, which was vetoed twice, than they will be when the Democrats write their wool schedule on the statute books? Senator Aldrich said that wool was the keystone of the protection arch. The Democrats propose to pull out that keystone.

The Pressure Continues.

"Will the pressure never let up?" That is a question various cabinet officers have been asking. More than a month has elapsed since the new administration assumed control of the government, and yet there has not been a day since that cabinet officers have not been importuned to give places to men who claim to have been essential to the success of last November.

Some of these cabinet men have escaped by fleeing to New York. Like McAdoo, Daniels and Burleson, and some others have escaped for a few days by going out to see the battleships at target practice, but that was only a brief respite. The clamor for office is something beyond the comprehension of men who have never been in Washington at a change of party administration.

None Can Escape.

Even those cabinet officers who have no places to bestow cannot escape. Secretary Garrison in the war department might be considered immune, because there are very few places under their control, but they are importuned by people who know them to go to the president and ask for positions.

They are asked to use their influence with other cabinet officers to get places. In fact, the demand for service under the government is almost beyond conception, and it is no wonder some Democrats agree with Napoleon that the next saddest thing to defeat is victory.

Censorship Continues.

When President Roosevelt issued his orders for strict censorship of departmental news considerable surprise was manifested, for Roosevelt was pre-eminently a publicity man, but he wanted to control the publicity. Under his administration only himself and cabinet members gave out any information concerning government business. Mr. Taft continued the Roosevelt policy, and everything in the way of government affairs became concentrated.

Secretary McAdoo has already issued orders clinching the idea of concentration in the treasury department, and there is now much speculation as to whether other cabinet officers will follow the same example.

The Men Will Be Courteous.

More men as represented by officials in Washington has not yet reached the stage where he is going to forget that women belong to the weaker sex, and, even though they appear in large numbers and demand equality, they will still be treated with that deference due women from men; hence any demand the woman suffragists make receives consideration at the hands of congress and congressmen. No one attempts to deny them courtesies which would be granted to any woman's organization.

Patronage Squabbles.

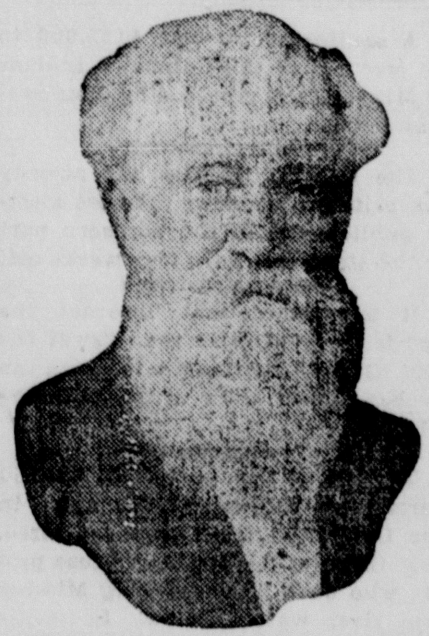

Patronage squabbles continue to keep public men in a state of turmoil. Most of them desire to tell their troubles to the president, but Mr. Wilson has determined to keep as free from all such questions as possible. So far as he can he refers such affairs to cabinet officers.

Old Time Astronomers.

Astronomical observations were carried on in China so long ago as the year 2352 B. C.

WILSON HAS HIS
WAY ON TARIFF

JOHN BURROUGHS.

Naturalist Hurt by Being
Thrown From Motor Car.

JOHN BURROUGHS INJURED

Well Known Naturalist Thrown From
His Motor Car.

Poughkeepsie, N. Y., April 14.—While driving his new automobile for the first time John Burroughs, the well known naturalist, was thrown from the machine and painfully injured. While running at a moderate rate of speed the steering gear broke and the machine went over an embankment throwing the naturalist a considerable distance. He suffered severe bruises and numerous cuts from broken glass.

FRUIT IS NIPPED BY FROST

Extent of Damage in Kansas Not Yet
Known.

Wichita, Kan., April 14.—A heavy frost occurred throughout this section, but the damage done will not be known until the sun thaws out the buds.

Burning of smudges is believed to have saved many of the fruit prospects.

Junction City fruit trees and gardens were nipped by frost. The temperature fell to 30 degrees.

FRESH EGG WITH A SHAVE

Barber's Reason for Keeping Chick-
ens in Rear of Shop.

Chicago, April 14.—When asked by Municipal Judge Uhler why he kept more than forty chickens, two ducks and two dogs in rooms in the rear of his barber shop on the South Side, Giuseppe Novak replied that he gives "a fresh egg with every shave."

A neighbor complained that the nocturnal noises of the "menagerie" interfered with his rest. The case was continued to give the health department a chance to investigate.

Quake Rocks San Bernardino.

San Bernardino, Cal., April 14.—A short but severe earthquake was felt here. There was no damage, although the shock was strong enough to rock buildings.

Democrats Readily Agreeing to
President's Wishes.

IS IN DOMINATING POSITION

Leaders in Both Houses of Congress Concede That Chief Executive Has Become Master of the Situation by His Innovations and That He Has Done Much to Secure Unity of Action Within His Party.

Washington, April 14.—President Wilson emerged from the first week of the special session of congress apparently in a stronger position as the active leader of Democracy than at any time since he assumed the presidency.

Within the brief space of seven days he has won a victory in the caucus of house Democrats for his free sugar program; he has formed a working agreement with the Democratic leaders of the senate which it is believed will insure general support of his tariff program in that body; and has established precedents of presidential co-operation with congress which, if successful, are expected to greatly influence the entire program of legislation throughout the Wilson administration.

The president's visit to congress Tuesday to deliver his opinions in an address in person; and his visit to the senate precincts next day to confer with finance committee members upon the tariff plans overshadowed all other developments of the week in public interest. Leaders of both houses who have sounded out sentiment in Democratic ranks since these events declare that the effect of the president's innovations has been to strengthen Democratic unity of action as to leave the president in a dominating position at the outset of his administration.

At all points where Mr. Wilson's decisions were instrumental in the fixing of rates in the new tariff bill the full Democratic membership of the house voted to sustain him in caucus by heavy majorities. House leaders who deferred to him in the fixing of many of the tariff rates have supported his decisions and successfully rallied party support to his defense as the bill has been fought over by the Democratic members.

Hard Fight Over Wool.

The tariff revision fight admittedly is only begun; but the developments of the last week have convinced party leaders that there are likely to be few changes from the rates favored by the president; and little dissension within Democratic ranks over the final approval of the bill. The wool fight will come in the house caucus early this week. While a Democratic minority organization of forty or more representatives will attempt to upset the president's free wool program it is expected that the administration will be sustained by a large majority as it was in the fight on the sugar tariff provision.

Senate leaders have pledged to the president their support of the sugar and wool provisions as finally adopted in the house. It is believed that the attempted organization between opponents of free sugar and free wool in the senate will not acquire sufficient strength to alter the bill. Senator Myers of Montana, who has been counted upon by some of the anti-free wool forces as their ally, has informed members of the finance committee and has stated publicly that he favors the free wool program and will actively uphold the president's course as to this schedule.

Republican members of the house ways and means committee who had no part in preparing the Underwood bill are now working on substitute cotton and wool schedules, which they will offer as soon as the tariff is taken up in the house. These will be similar to the Republican substitutes offered in the last congress, which proposed a general reduction in the tariff, but maintained protection for the manufacturers and wool growers.

ILLINOIS BULL MOOSE MEET

Conference to Be Held April 28 to
Formulate Plans.

Chicago, April 14.—B. F. Harris of Champaign, Ill., state chairman of the Progressive party, issued a call for a statewide conference of the party to be held at Springfield April 28.

Plans will be made for completion of the organization of the party within the state; for the organization of clubs by towns and counties; for the maintenance of speakers' bureau and for a permanent popular campaign fund.

NATIONAL INHERITANCE TAX

La Follette Would Take Half of More
Than \$15,000,000

Washington, April 14.—A national inheritance tax is proposed in a bill to be introduced by Representative La Follette of Washington state. It proposes a graduated tax ranging from 1 per cent on legacies of less than \$5,000 to 50 per cent on legacies of more than \$15,000,000. The bill would exempt bequests to educational, church and charitable institutions. A similar bill has been introduced by Senator Jones.

A sanitarium to cost \$125,000 to
be erected for the Chippewa Indians
of Minnesota is proposed by Congress-
man Miller.

The Crosby Crucible has already
taken its place among the best week-
ly publications in the northern part
of the state, and only four weeks old.

It is claimed that "prevent the
fly" is more effective than "swat the
fly." If both slogans are followed the
fly has a poor show of getting any-
where.

The worst has happened, the 50
barrels of whiskey washed away in
the Ohio flood have been recovered.
Just think of the plight of those peo-
ple who have been drinking Missis-
sippi river water below Louisville
with the idea that they were get-
ting their "morning's morning."

The two cent fare bill has passed
the house and has been recommended
for passage by a unanimous vote of
the senate railroad committee. The
same law is in force in Michigan and
has been upheld by the supreme
court, and provides that any railroad
earning more than \$1,200 per annum
per mile cannot charge more than
two cent fare. This would include
practically every railroad in Minne-
sota.

"Postmastering" is what some of
the newspapers are pleased to call the
profession as proposed by the new
postmaster general whose ideas on
reorganizing the postoffice depart-
ment tends toward putting the entire
four classes in the civil service, elim-
inating politics entirely and after
passing required examinations admit
them to the service without regard to
location. Candidates who are look-
ing toward "postmastering" under
the new order will necessarily expect
to make a life work of the profession

Stops Falling Hair

Hall's Hair Renewer certainly stops
falling hair. No doubt about it what-
ever. You will surely be satisfied.

to the exclusion of any other line of
business and only capable men can
expect to attain the places which
they might otherwise expect owing
to their prominence in the political
party in power or their influence in
the community in which they live,
and will be subject to removal from
one post of duty to another as their
ability may indicate. President Wil-
son is an ardent believer in the civil
service rule and efficiency in all de-
partments and the postmaster gener-
al must necessarily reflect his senti-
ments. The examination that will
be required and the transfer from
one city to another will have a ten-
dency to lessen the number of candi-
dates throughout the country for
these places at the expiration of the
terms of the present incumbents if
it is finally decided to put the plan
in operation.

RAILROAD NOTES

It is believed that T. J. Tyler, road-
master of the Lake Superior division,
may accept the position of roadmaster
of one of the western divisions.

Extensive improvements are to be
made by the Minnesota & Interna-
tional railway at Pine River this
spring. The depot will be remodel-
ed and enlarged and a new brick plat-
form will be built. The short spur
track to the stockyards will be ex-
tended 1200 feet to give better load-
ing facilities to the potato warehouse
and the Mahlum Lumber company's
yards.

The Soo Line is scheduled to ma-
terially extend its trackage on the
Cuyuna iron range this season.
The Brainerd depot is undergoing
repairs to its waiting rooms. A
railing has been attached to the steps
leading to the ladies waiting room.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense
of smell and completely derange the
whole system when entering it through
the mucous surfaces. Such articles
should never be used except on prescrip-
tions from reputable physicians, as the
damage they will do is ten fold to the
good you can possibly derive from them.
Hall's Catarrh Cure, manufactured by F.
J. Cheney & Co., Toledo, O., contains no
mercury and is taken internally, acting
directly upon the blood and mucous
surfaces of the system. In buying Hall's
Catarrh Cure be sure you get the gen-
uine. It is taken internally and is made
in Toledo, O., by F. J. Cheney & Co.
Testimonials free. Sold by Druggists.
Price 75c per bottle.
Take Hall's Family Pills for constipa-
tion.

Get a 25c safety razor at D. M.
Clark's. Guaranteed to be as good
as any dollar razor on the market.—

A sanitarium to cost \$125,000 to
be erected for the Chippewa Indians
of Minnesota is proposed by Congress-
man Miller.

The Crosby Crucible has already
taken its place among the best week-
ly publications in the northern part
of the state, and only four weeks old.

It is claimed that "prevent the
fly" is more effective than "swat the
fly." If both slogans are followed the
fly has a poor show of getting any-
where.

The worst has happened, the 50
barrels of whiskey washed away in
the Ohio flood have been recovered.
Just think of the plight of those peo-
ple who have been drinking Missis-
sippi river water below Louisville
with the idea that they were get-
ting their "morning's morning."

The two cent fare bill has passed
the house and has been recommended
for passage by a unanimous vote of
the senate railroad committee. The
same law is in force in Michigan and
has been upheld by the supreme
court, and provides that any railroad
earning more than \$1,200 per annum
per mile cannot charge more than two
cent fare. This would include
practically every railroad in Minne-
sota.

"Postmastering" is what some of
the newspapers are pleased to call the
profession as proposed by the new
postmaster general whose ideas on
reorganizing the postoffice depart-
ment tends toward putting the entire
four classes in the civil service, elim-
inating politics entirely and after
passing required examinations admit
them to the service without regard to
location. Candidates who are look-
ing toward "postmastering" under
the new order will necessarily expect
to make a life work of the profession

Stops Falling Hair
Hall's Hair Renewer certainly stops
falling hair. No doubt about it what-
ever. You will surely be satisfied.

to the exclusion of any other line of
business and only capable men can
expect to attain the places which
they might otherwise expect owing
to their prominence in the political
party in power or their influence in
the community in which they live,
and will be subject to removal from
one post of duty to another as their
ability may indicate. President Wil-
son is an ardent believer in the civil
service rule and efficiency in all de-
partments and the postmaster gener-
al must necessarily reflect his senti-
ments. The examination that will
be required and the transfer from
one city to another will have a ten-
dency to lessen the number of candi-
dates throughout the country for
these places at the expiration of the
terms of the present incumbents if
it is finally decided to put the plan
in operation.

RED RIVER PRESBYTERY
Semi-Annual Session of the Pres-
byterian Church Organization to
be Held Here

The Presbytery of the Red River
valley will hold its semi-annual ses-
sion at the Presbyterian church in
this city. The opening services will
be on Tuesday evening, April 15,
when the retiring moderator will de-
liver the address and convene the
presbytery.

Wednesday will be devoted to busi-
ness, but in the evening there will be
a popular meeting. The public is
cordially invited to any session, es-
pecially to the two evening meetings
on Tuesday and Wednesday. There
will be 15 or 18 ministers and elders
in attendance.

No matter how long you suffered,
or what other remedies have failed
to cure, Foley Kidney Pills will surely
help you. They are genuinely tonic,
strengthening and curative, build up
the kidneys and restore their regular
action. John Velbert, Foster, Calif.,
says: "I suffered many years with
kidney trouble and could never get
relief until I tried Foley Kidney Pills
which effected a complete cure." H.
P. Dunn, druggist.—Advt. mwf

Rheumatism as a result of kidney
trouble, stiff and aching joints, back-
ache and sore kidneys will all yield
to the use of Foley Kidney Pills.
They are tonic in action, quick in re-
sults, curative always. W. S. Skel-
ton, Stanely, Ind., says: "I would
not take \$100.00 for the relief from
kidney trouble I received from one
single box of Foley Kidney Pills." H.
P. Dunn.—Advt. mwf

STRIKE SITUATION ON CUYUNA RANGE

No Mines Will be Operated Unless the Men Come Back—Miners Met Saturday Evening

CO'S. CLAIM OPERATING AT LOSS

If No Settlement is Reached, it is Said Some Mines Will be Changed to Pit Mines

The situation Sunday on the Cuyuna iron range, where four shaft mines are involved in a strike, appears to be that no mines will be operated unless the men want to come back. The miners had a meeting Saturday night.

They have been informed, it is said, that if they could do better elsewhere to go. The companies claim, it is said, that they are at present mining at a loss and that it is utterly impossible for them to raise wages. It is said that some of the properties can be changed from shaft to pit mines or stripping propositions and if this is done, it will do away with underground skilled labor entirely and change to steam shovels and a small percentage of common labor.

For instance, at the Inland Steel Co. Thompson mine, exploratory work has found ore very near the surface and the same condition holds good at some of the other mines.

The demands of the miners, as presented by their committee Joe Guitto, Arthur Floyd, Emil Alekovich, Sigrid Monson and Emil Martin, request a straight eight hour work day, time and a half for overtime, time and a half for Sunday work, the abolition of contract work, a minimum wage scale of \$3 for all underground work, the request that the hospital fee shall be borne by the mine operators and that the fifty cents club fee be continued, with the proviso that the mine owners shall assume the responsibility directly, as a substitute for the present so-called "club."

The Rogers-Brown Ore Co., Ironquils Co. and Inland Steel Co., replied that the requests had been considered and the companies were obliged to refuse the same as being unfair, unreasonable and unwarranted for several reasons, that the rate of wages as now paid on this range are higher than any other range; that the hours of work are identical; that if this new range is to take its place among the older ranges as a producer and shipper of ore, it is essentially incumbent on the employees of this range to cooperate with the mine operators to the extent of not trying to impose unreasonable rates of wages. Unless the mine operators are put on the same plane as the operators of the other ranges it will necessarily follow that this new range will fall in taking its proper place.

"If our employees, after due consideration," said the companies, "feel their demands are unfair, on due no-

FORMER MILL CITY EXECUTIVE DEAD

Special to Dispatch:

Minneapolis, Minn., April 14—James C. Haynes, four times a mayor of this city, died this morning. He had returned yesterday from the Isle of Pines where he had been in search of health.

tice we will reopen the mines as soon as practicable. Unless we can operate on the present basis in peace and harmony, the mines will have to remain closed indefinitely."

D. A. Robinson, of this city, a member of the Cuyuna Mining Timber company, said that the situation looked hopeful at Cuyuna. He believed that at least half of the men there wanted to return to work. A meeting was scheduled for two o'clock this afternoon. It had been rumored that the demand for a flat scale of wages had been reduced to \$2.75. Many of the younger miners who have no property interests are leaving for Duluth and the noon train today brought several miners to Brainerd.

A message from H. J. Kruse at noon stated he expected one or more mines to resume work today or on Tuesday.

350,000 BELGIANS IN GENERAL STRIKE

Special to Dispatch:

WORKMEN MONEY REACHES OHIO

First Donation of \$25 Given by A. O. U. W. Lodge is Received by Governor Cox

LETTER FROM THE EXECUTIVE

"Elements Have Wrought Staggering Havoc" Says Governor, "But State Will Recover."

The first in Brainerd to respond to the appeal for help from the flooded districts of Ohio was the Ancient Order of United Workmen Lodge, No. 47, and receipt of their check of \$25 which was received and transmitted by the Dispatch, has been acknowledged both by Ohio's executive, Governor J. M. Cox, and Mr. MacLee Wilson, the treasurer of the Ohio Flood Relief Commission.

The communication of Governor Cox reads:

April 5th, 1913.

My Dear Friends:

For the stricken people of Ohio I want to thank you for your offering. We are touched not more by these substantial generosity than by the largeness of the hearts of those from whom they flow.

The elements have wrought us a staggering havoc. But this is a great state. She will recover. The lights of love and hope will point the way. Sincerely yours,

JAMES M. COX.

Brainerd Lodge No. 47,

A. O. U. W.,

Brainerd, Minn.

The letter from the relief commission reads:

Brainerd Lodge, No. 47, A. O. U. W.,

Brainerd, Minn.

Gentlemen:

I wish to acknowledge the receipt of your contribution of \$25 for the relief of the Ohio flood sufferers.

In behalf of Governor Cox and the people of Ohio, permit me to thank you for this generous and prompt response in time of need.

Very truly yours,

MacLEE WILSON,

Treas. Ohio Flood Relief Com.

The Children's Hour has also received acknowledgement of the contribution given, as well as other contributors.

BASEBALL MEETING

A baseball meeting will be held this evening, April 14, at 8 o'clock at Gardner hall at which time important business will be transacted affecting the baseball situation for the coming summer. All those interested in the great national game are urgently requested to be present. —Adv.

CHURN DRILL CENTER OF TOWN

Drills on Property East of Slipp-Gruehagen Store, Searching For Water

A churn drill has started operations right in the center of this city, on the property east of the Slipp-Gruehagen Co. store. It's water, however, and not iron that the drill is searching for.

When a good stratum of water, especially soft water, is struck, it will be diverted for the use of the Brainerd Model laundry which will soon commence operations. Of course, if any iron is encountered on the way down, a record will kept of that.

FOR SALE

8-room dwelling, four bed rooms, and bath, part hardwood floors, large porch, paved street; barn and nice shade trees; corner lots on 9th St. N. Value of dwelling \$2200.00, lots \$600, barn \$200. Total \$3000.00. Owner leaving city. For a quick sale \$1,800. \$400 cash, balance easy payments.

MARKETS FOUR BIG HOGS

J. W. Porter, of Crow Wing Station, Brings \$161 Worth of Pork to Brainerd

That Crow Wing county is coming to the front as the home of good breakfast bacon is being exemplified every day. The item regarding the big pig which Charles Clute of Fort Ripley, marketed in the city was read by other farmers and J. W. Porter, of Crow Wing station, said he could beat that record. He marketed four hogs in this city which scaled a total weight of over 1,600 pounds for which he received a check for \$161. Two of the porkers weighed 445 and 440 pounds respectively.

FARMERS ORGANIZE PRODUCE COMPANY

Hold a Meeting at the Commercial Club Rooms on Saturday Afternoon, Electing Officers

F. H. GRUENHAGEN AT HEAD

They Shipped Car of Potatoes Last Week and Will Ship One This Week to Minneapolis

Farmers of Crow Wing and Cass counties near Brainerd have formed the Farmers' Produce company to be incorporated for \$10,000 with shares at \$10 each. No stockholder is to hold over \$1,000 worth of stock and each stockholder is limited to one vote. The highest indebtedness allowed the company is to be \$5,000.

The company held a meeting at the Commercial club rooms Saturday afternoon and elected these officers:

President—F. H. Gruenhagen.

Vice President—T. C. Pinton.

Secretary-treasurer—Henry Bouck.

Directors—R. R. Livingston, R. R. Wise, C. H. Kylo, John Sandgren, Claude Wheeler and Gus King, the latter being from Cass county.

A site is to be acquired for a potato warehouse and the company is figuring on the location between the Standard oil company warehouse and the Wm. F. Holst machinery depot, convenient to tracks of the Northern Pacific railway.

The corporation will buy and sell everything a farmer uses and will introduce blooded horses, cattle and sheep. The farmers last week shipped a carload of potatoes to Duluth and this week will ship a car to Minneapolis.

As the Bay Lake Fruit Growers association at Deerwood did a \$10,000 worth of raspberry and strawberry business last year, the Farmers' Produce company should be able to do business too and be as successful in their field here as the fruit growers are in eastern Crow Wing county and western Aitkin county. All it needs is cooperation and the spirit of boosting.

GUN CLUB ELECTION

Held Sunday Afternoon at the Commercial Club Rooms—Members Shoot in Morning

The Riverside Gun club held its annual meeting at the Commercial club rooms Sunday afternoon and elected for the ensuing term:

President—Art White.

Vice President—Ed. Anderson.

Secretary-treasurer—George Trent, Jr.

Assistant Secretary-treasurer—L. M. Shulstad.

Field Captain—James C. Davis.

A tournament will be given early in July. Another is announced for Cuyuna, following the local tournament. The club has been informed that Crosby is organizing a gun club and from present indications the members may enjoy two weeks of solid shooting this summer.

Sunday morning the members shot at their grounds on the south side and the scores made will be published tomorrow.

Style Show News

It's easy to pick a favorite at the Style Show. There's so many of them, and this only confirms our belief that in this season's selections from

The House of Kuppenheimer

we have found a style for every man.

Have You Picked your favorite yet? If not, today would be a good time to come in and go over with us in a real friendly way, the many, many good things we have gathered together for you.

Tomorrow will be Business Suit Day.

We expect to devote most of our time to showing and selling garments which have been designed and tailored from such dependable fabrics as to insure extra service, under the more exacting demands made upon them by the strenuous wear and tear of every-day work—you'll find it really worth while to look them over.

Then, too, the prices are mighty interesting \$18.00 to \$27.00.

For the man that wants to pay \$12.50, \$15.00 or \$16.50 for a suit we say, see our line first.

STRIKE SITUATION ON CUYUNA RANGE

No Mines Will be Operated Unless the Men Come Back—Miners Met Saturday Evening

CO'S. CLAIM OPERATING AT LOSS
If No Settlement is Reached, it is Said Some Mines Will be Changed to Pit Mines

The situation Sunday on the Cuyuna iron range, where four shaft mines are involved in a strike, appears to be that no mines will be operated unless the men want to come back. The miners had a meeting Saturday night.

They have been informed, it is said, that if they could do better elsewhere to go. The companies claim, it is said, that they are at present mining at a loss and that it is utterly impossible for them to raise wages.

It is said that some of the properties can be changed from shaft to pit mines or stripping propositions and if this is done, it will do away with underground skilled labor entirely and change to steam shovels and a small percentage of common labor.

For instance, at the Inland Steel Co. Thompson mine, exploratory work has found ore very near the surface and the same condition holds good at some of the other mines.

The demands of the miners, as presented by their committee Joe Guitto, Arthur Floyd, Emil Alekovich, Sigrid Monson and Emil Martin, request a straight eight hour work day, time and a half for over time, time and a half for Sunday work, the abolition of contract work, a minimum wage scale of \$3 for all underground work, the request that the hospital fee shall be borne by the mine operators and that the fifty cents club fee be continued, with the proviso that the mine owners shall assume the responsibility directly, as a substitute for the present so-called "club."

The Rogers-Brown Ore Co., Ironquois Co. and Inland Steel Co., replied that the requests had been considered and the companies were obliged to refuse the same as being unfair, unreasonable and unwarranted for several reasons, that the rate of wages as now paid on this range are higher than any other range; that the hours of work are identical; that if this new range is to take its place among the older ranges as a producer and shipper of ore, it is essentially incumbent on the employees of this range to cooperate with the mine operators to the extent of not trying to impose unreasonable rates of wages. Unless the mine operators are put on the same plane as the operators of the other ranges it will necessarily follow that this new range will fail in taking its proper place.

"If our employees, after due consideration," said the companies, "feel their demands are unfair, on due no-

MARKETS FOUR BIG HOGS

J. W. Porter, of Crow Wing Station,

Brings \$161 Worth of Pork

to Brainerd

That Crow Wing county is com-

ing to the front as the home of good

breakfast bacon is being exemplified

every day. The item regarding the

big pig which Charles Clute of Fort

Ripley, marketed in the city was

read by other farmers and J. W. Port-

er, of Crow Wing station, said he

could beat that record. He market-

ed four hogs in this city which scaled

a total weight of over 1,600 pounds

for which he received a check for

\$161. Two of the porkers weighed

445 and 440 pounds respectively.

INTRODUCTORY SALE of

COMMISSIONER OF PUBLIC WORKS

Practically all Construction Work,
Expect Erection of Buildings
Placed in His Hands

BY ST. PAUL COMMISSION GOVT.

He is Also a Member of the Water Board and is Its Engineering Officer

J. W. Bennett, to whom has been assigned the task of supervising the inauguration of commission government in St. Paul, has written for the Dispatch his seventh paper on the St. Paul form of commission government. In this article he describes the various functions of the commissioner of public works.

Practically all construction work, except the erection of public buildings, is placed in the hands of the commissioner of public works under the new St. Paul charter. He is made the head of the engineering department. As will be remembered, he is a councilman, assigned by the mayor to this work.

To carry out technical details, he is given a chief engineer. This engineer aids the commissioner of public works in organizing an engineering staff to take care of the various grades of engineering work.

St. Paul has reached the size where such engineering work must be differentiated. A special man must look after bridges, one after underground construction, one after the work of the water department. For a number of years St. Paul has had its garbage and refuse collection in the hands of the health department. Under the new charter this has been changed. A physician, who is invariably the head of the health department, is not usually an efficient manager of a big service like garbage collection. It is an engineering function. The new St. Paul charter places it with the other engineering work, like the cleaning of the streets and the sewers.

An important function of the commissioner of public works will be looking after the engineering for the water board. He is a member of that board and its engineering officer. The board decides what is to be done, and in a general way, how it is to be done, then the commissioner of public works carries out the mandate.

Local public improvements paid for by special assessment are also in the hands of the commissioner of public works. He makes the preliminary estimates upon which the orders are founded, and reports the costs which are made the basis of the assessments.

Probably the officer most closely akin, is the commissioner of public utilities, a new officer in St. Paul, and a new officer in any city, if one considers the rank given him. He is a councilman assigned to the task. This commissioner in St. Paul is the executive head of the water board under the new charter. He also has charge of public lighting, now in the hands of the board of public works. He will look after public markets and public wharves. Then it is made his duty to supervise the activities of private companies furnishing public utility services to the people of St. Paul.

It looks as though the time was fast approaching when cities would have to meet in an effective way their public utility problems, and we judged that it would be well to prepare for that contingency with a department having a knowledge of details and an organization to look after the interests of the city.

This officer is also given supervision over city testing laboratories so that he may test materials used by the city and see that they are up to grade. The city chemist is placed in his department. He has a force of inspectors which may be used in checking up the work of other departments at the request of other officers whose duty it is to see that inspections are made.

Be Patient.

Patience is the support of weakness; impatience is the ruin of strength.—Colton.

PAPE'S DIAPEPSIN ENDS INDIGESTION

Time it! No sick, Sour, Gassy Stomach, Heartburn or Dyspepsia in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; it's harmlessness; it's certain unfailing action in regulating sick, sour, gassy stomachs. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat anything which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advt.

Doing Right.

If people resolutely do what is right, in time they come to like doing it.—Tuskin.

ENGINEERING

F. A. GLASS, Mining Engineer—Examinations, Directions of Explorations, Surveys and General Engineering. Glass' map of the Cuyuna is the best and is up to date covering mineral areas of Crow Wing, Aitkin, Morrison and Cass counties. Size 24x52 on paper \$4. Size 24x52 on cloth \$5.

Marion Green Recital
Of Marion Green, the basso who will be heard in recital at Elks hall under the auspices of the Brainerd Musical club on Friday evening, April 18, the Elkhart Review says: "Marion Green easily sustained his reputation as one of the first concert artists in America. With an easy manner, conscious of his powers, but not egotistic, Mr. Green sings directly to the hearts of his audience. His voice is one of the finest baritone timbre, yet with a mellow, tender quality. Few singers of the present day are blessed with such splendid vocal equipment. Then he uses it with consummate art. His interpretations ring with sincerity and truth that are convincing. Mr. Green generously added two songs as encores." Tickets may be obtained from the ladies of the Brainerd Musical club and are also on sale at Dunn's drug store.

Eliminating Ice.

Shifty writes thus: "Last Sunday friend wife and yours truly were sitting around in a ring reading our Sunday paper. Says f. w., 'Honey, what sort of ice is "eliminating ice?"' "I never heard of it," says I. "What do you mean?" "Why, here's an ad. that says, 'Four room modern suits, \$35, hot and cold water, steam heat, cold storage system, eliminating ice.'" — Cleveland Plain Dealer.

A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar Compound fails to cure your cough or cold. John Bernet, Tell, Wis., states: "I used Foley's Honey and Tar Compound for five years, and it always cures a cough or cold." Refuse substitutes. H. P. Dunn, druggist.—Advt. mwf

Cutting.

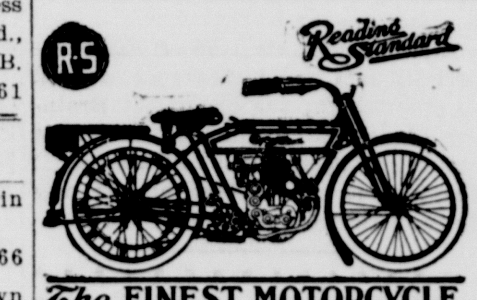

Sapleigh—It gives one a shock, don't you know, to realize that one has made an ass of himself.

Miss Keen—You should be quite used to that by this time, Mr. Sapleigh.—Boston Transcript.

HOW TO CUT DOWN LIVING EXPENSES

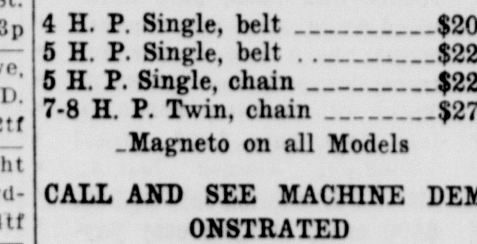

Any Brainerd family can make a big saving and also be much healthier by eating the deliciously appetizing "Minnesota" Spaghetti at least twice each week in place of meat. "Minnesota" Spaghetti is four times as nutritious as beef-steak and yet costs only about one cent a dish. It contains more proteins than most foods and is therefore more strength giving and less fattening.

It is fine for children—making their bodies strong and healthy. And they are very fond of its rich, nut-like flavor. Insist on getting the genuine "Minnesota" Spaghetti, made from the VERY BEST DURUM wheat with ALL the wonderfully nourishing Gluten left in.—Advt.

The **Rexall Store** MINNESOTA

There is a Rexall Store in nearly every town and city in the United States, Canada and Great Britain. There is a different Rexall Store for nearly every ordinary human ailment—each especially designed for the particular ill for which it is recommended.

The Rexall Stores are America's Greatest Drug Stores

Their Easy Action

Rexall Orderlies are a common-sense remedy for bowel disorders. Easy in action, they do not purge, gripe, nauseate or cause excessive looseness.

They tend to tone and strengthen the delicate intestinal nerves and muscles, promptly relieve constipation and help to overcome its cause and make its recurrence improbable. In these things they differ from old-fashioned, harsh, disagreeable physic, which usually gives only temporary relief and often leaves the bowels in worse condition than ever.

We particularly recommend Rexall Orderlies for delicate and aged persons and for children. In vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c. Usual dose one tablet.

Be Patient.

Patience is the support of weakness; Impatience is the ruin of strength.—Colton.

COMMISSIONER OF PUBLIC WORKS

Practically all Construction Work, Expect Erection of Buildings Placed in His Hands

BY ST. PAUL COMMISSION GOVT.

He is also a Member of the Water Board and is Its Engineering Officer

J. W. Bennett, to whom has been assigned the task of supervising the inauguration of commission government in St. Paul, has written for the Dispatch his seventh paper on the St. Paul form of commission government. In this article he describes the various functions of the commissioner of public works.

Practically all construction work, except the erection of public buildings, is placed in the hands of the commissioner of public works under the new St. Paul charter. He is made the head of the engineering department. As will be remembered, he is a councilman, assigned by the mayor to this work.

To carry out technical details, he is given a chief engineer. This engineer aids the commissioner of public works in organizing an engineering staff to take care of the various grades of engineering work.

St. Paul has reached the size where such engineering work must be differentiated. A special man must look after bridges, one after underground construction, one after the work of the water department. For a number of years St. Paul has had its garbage and refuse collection in the hands of the health department. Under the new charter this has been changed. A physician, who is invariably the head of the health department, is not usually an efficient manager of a big service like garbage collection. It is an engineering function. The new St. Paul charter places it with the other engineering work, like the cleaning of the streets and the sewers.

An important function of the commissioner of public works will be looking after the engineering for the water board. He is a member of that board and its engineering officer. The board decides what is to be done, and in a general way, how it is to be done, then the commissioner of public works carries out the mandate.

Local public improvements paid for by special assessment are also in the hands of the commissioner of public works. He makes the preliminary estimates upon which the orders are founded, and reports the costs which are made the basis of the assessments.

Probably the officer most closely akin, is the commissioner of public utilities, a new officer in St. Paul, and a new officer in any city, if one considers the rank given him. He is a councilman assigned to the task. This commissioner in St. Paul is the executive head of the water board under the new charter. He also has charge of public lighting, now in the hands of the board of public works. He will look after public markets and public wharves. Then it is made his duty to supervise the activities of private companies furnishing public utility services to the people of St. Paul.

It looks as though the time was fast approaching when cities would have to meet in an effective way their public utility problems, and we judged that it would be well to prepare for that contingency with a department having a knowledge of details and an organization to look after the interests of the city.

This officer is also given supervision over city testing laboratories so that he may test materials used by the city and see that they are up to grade. The city chemist is placed in his department. He has a force of inspectors which may be used in checking up the work of other departments at the request of other officers whose duty it is to see that inspections are made.

J. W. BENNETT.

PAPE'S DIAPEPSIN ENDS INDIGESTION

Time it! No sick, Sour, Gassy Stomach, Heartburn or Dyspepsia in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; it's harmless; it's certain unfailing action in regulating sick, sour, gassy stomachs. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat anything which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advt.

WANTS

Notices under this head will be charged for at the rate of one cent a word for the first insertion and one half a cent a word for each subsequent insertion, strictly cash in advance, but no ad will be taken for less than fifteen cents.

Marion Green Recital

Of Marion Green, the basso who will be heard in recital at Elks hall under the auspices of the Brainerd Musical club on Friday evening, April 18, the Elkhart Review says: "Marion Green easily sustained his reputation as one of the first concert artists in America. With an easy manner, conscious of his powers, but not egotistic, Mr. Green sings directly to the hearts of his audience. His voice is one of the finest baritone timbre, yet with a mellow, tender quality. Few singers of the present day are blessed with such splendid vocal equipment. Then he uses it with consummate art. His interpretations ring with sincerity and truth that are convincing. Mr. Green generously added two songs as encores." Tickets may be obtained from the ladies of the Brainerd Musical club and are also on sale at Dunn's drug store.

Eliminating Ice.

Shifty writes thus:
"Last Sunday friend wife and yours truly were sitting around in a ring reading our Sunday paper. Says f. w. 'Honey, what sort of ice is 'eliminating ice?'"
"I never heard of it," says I. "What do you mean?"
"Why, here's an ad. that says, 'Four room modern suits, \$35, hot and cold water, steam heat, cold storage system, eliminating ice.'" — Cleveland Plain Dealer.

A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar Compound fails to cure your cough or cold. John Bernet, Tell, Wis., states: "I used Foley's Honey and Tar Compound for five years, and it always cures a cough or cold." Refuse substitutes. H. P. Dunn, druggist.—Advt. mwf

Cutting.

Sapleigh—It gives one a shock, don't you know, to realize that one has made an ass of himself.
Miss Keen—You should be quite used to that by this time, Mr. Sapleigh.—Boston Transcript.

HOW TO CUT DOWN LIVING EXPENSES

Any Brainerd family can make a big saving and also be much healthier by eating the deliciously appetizing "Minnesota" Spaghetti at least twice each week in place of meat.

"Minnesota" Spaghetti is four times as nutritious as beef-steak and yet costs only about one cent a dish.

It contains more proteins than most foods and is therefore more strength giving and less fattening.

It is fine for children—making their bodies strong and healthy. And they are very fond of its rich, nut-like flavor.

Insist on getting the genuine "Minnesota" Spaghetti, made from the VERY BEST DURUM wheat with ALL the wonderfully nourishing Gluten left in.—Advt.
